

# Rear Pylon Access Platform

Base, Line Maintenance & Ground Handling Equipment

## Base Maintenance Equipment

Reliable easy to use low maintenance equipment for efficient maintenance operations.

## Key features

- Removable panels to accommodate cone
- Height range of 1.75 to 2.75m & 2.75 to 3.75m
- Powered through hand pump allowing unit to be Zone 1 rated
- Soft support for pylon fairing
- For use on multiple aircraft types with various engines
- Access via parallelogram geometry staircase to give access at multiple heights

## Rear Pylon Access Platform

Large height adjustable platforms (LH & RH) with removable panel to accommodate exhaust cone inspection & removal. Height ranges of 1.75m to 2.75m and 2.75 to 3.75m via linked corner posts with power through hand pump allowing unit to be Zone 1 rated with option to fit air over hydraulic pump available to retain Zone 1 rating.

Access is via a parallel geometry staircase to give access at multiple heights. Platforms are Handed for ease of access. Can be used with the TBD Engine Intake and TBD Duct Access platforms to provide a fully flexible wrap around solution.

# Rear Pylon Access Platform

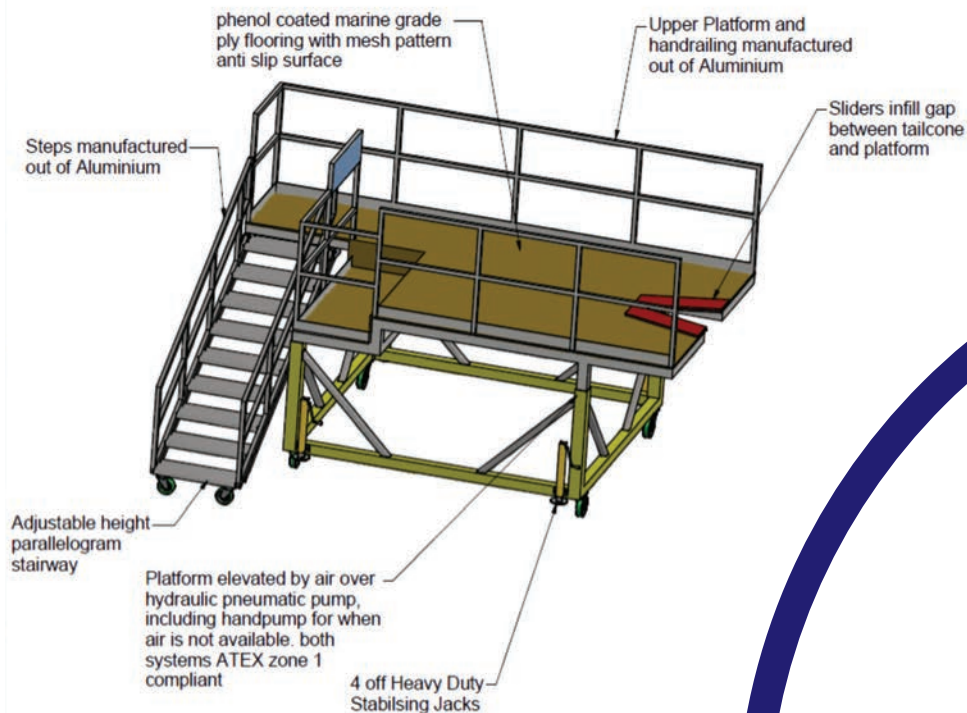

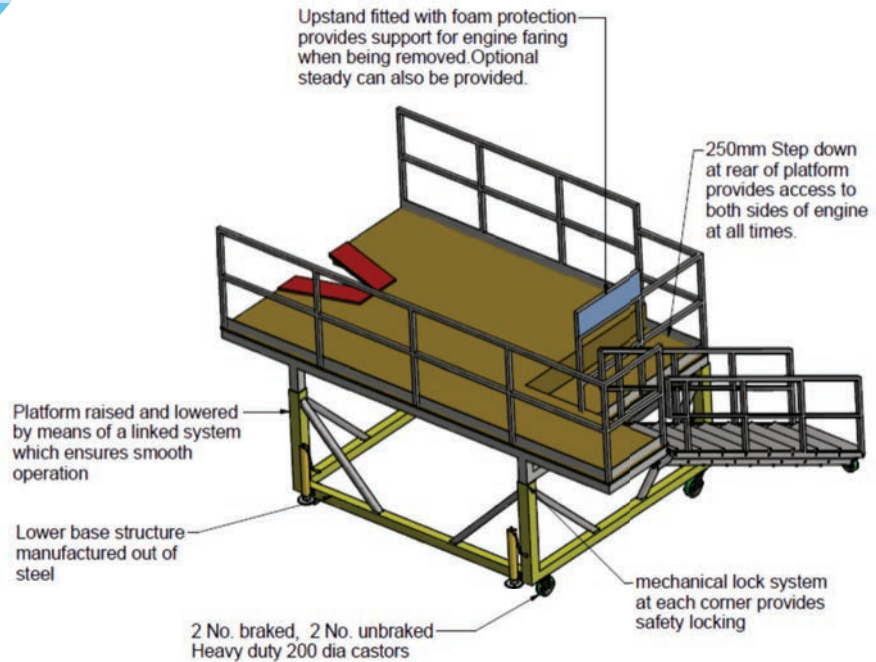

## Product code:

RH Small (1.75-2.75m)	5000-421-00-00
LH Small	5000-424-00-00
RH Large (2.75-3.75m)	5000-423-00-00
LH Large	5000-425-00-00

## Options & extras

- Corporate colours.
- Quick deploy jacks.
- Air over hydraulic pump.
- Alternative bumper covers.

Please note that every effort is made to ensure that all dimensions are correct, however we do reserve the rights to make changes at our own discretion.
